Entur — Project Overview

What is Entur?

Entur is Norway's national journey planner and transport information service. Alem is engaged as Tech Lead for Team API via RPG/Kyndryl consulting arrangement.

Current Status

- **Engagement:** Active via RPG/Kyndryl
- **Role:** Tech Lead, Team API
- **Contact:** Kjell Ljøstad (Hive Consulting) - kjell@hiveconsulting.no
- **Bid:** Submitted for contract extension (deadline was 2026-02-11)

Engagement Details

- **Client:** Entur (Norwegian public transport authority)
- **Consultant:** BasicConsulting (Alem Basic)
- **Via:** RPG/Kyndryl consulting framework
- **Team:** Team API

Recent Activity

- **CV updates** — Updated Alem's CV for bid submission (2026-02-09, 2026-02-11)
- **Bid deadline** — 2026-02-11 (submitted)
- **Communications** — Multiple exchanges with Kjell Ljøstad (Hive Consulting)
- **Status:** Awaiting bid results

Key Contacts

- **Kjell Ljøstad** — kjell@hiveconsulting.no (Hive Consulting, intermediary)
- **Eldri Coll Mossige** — (via Folq, mentioned in communications)

Documents Lost & Recovered

Note: 553 files were lost from ALAI repo due to hourly-backup.sh bug (2026-02), including Entur documentation. Bug was fixed (commits now go directly to current branch instead of stash+branch-switch). Entur docs may need to be regenerated from email archives and memory.

Revision #4
